WHAT ARE YOU NERVOUS ABOUT/EXCITED ABOUT WITH THE COLLEGE APPLICATION?

I am really nervous about the acceptance. The schools that I want to go to are hard schools to get into. Another thing that I am nervous about is the process in general. The process of applying to college seems very stressful. A thing that I am excited for is having a new experience in college.

QUESTIONS FOR APPLICATION PROCESS

- Where do I go to apply?
- Is there a limit of how many colleges you can apply to?
- Where do I start?
