# Gambling PSA

We were assigned to make a 30 second Public Service Announcement about teenage gambling. Before we started we read about teen gambling statistics and how teen gambling develops.

# PSA Video

# Final product: Mural Documentary

We made this documentary to show how murals brighten up neighborhoods and how they make an impact on the community. Murals reduce violence in neighborhoods and they also attract visitors.

Challenges: Rain, communication, mural artist, etc.

1. What new appreciations did you develop while working as an intern? Why?
2. What qualities or characteristics did you see in the people around you that you want to develop in yourself? Why?
3. How did your view of life beyond high school change or develop during your time as an intern?
4. How might internship influence the direction of your life (college, career, goals)?
5. How did communication and/or collaboration at work influence your understanding of professional working environments?
